WHY AGROSHOP PRO

Built for the agri dealer's year

An agri store lives by the season: stock with batches and expiry dates, farmers who pay after the harvest, company targets and claims, and licences that must stay valid. AgroShop Pro keeps all of it in one place - season by season.

At the counter

- Cash, udhaar or dealer rate on the same bill
- Crop and acres written on the bill
- Oldest batch picked first - expired stock blocked
- Dose per acre and an advice slip for the farmer
- Voice search on the phone

In the store

- Stock & expiry with every batch
- Expiry watch and near-expiry clearance sale
- Reorder list from low stock
- Season pre-bookings with advance
- Purchase from companies and distributors

For the owner

- Farmer udhaar by season - Rabi and Kharif
- Recovery % and overdue farmers
- WhatsApp reminders to farmers
- Company schemes, claims and rebates
- Licences, cheques and daily summary

WHO IT'S FOR

Pesticide dealers | Fertilizer dealers | Seed stores | Sprayer & equipment shops | Company sub-dealers | Agri service centres

Udhaar that comes back after the harvest.

Every farmer's account runs by crop season, with a recovery date and a WhatsApp reminder. AgroShop Pro works offline in the store and backs up to the cloud when you are online.

EVERYTHING IN ONE APP

Everything an agri store needs, in one place

Batch & expiry

- **Every batch** with its expiry date
- **First expiry, first out** - expired batch cannot be sold
- **Expiry watch** - expired and expiring in 90 days
- **Clearance sale** for near-expiry stock
- **Stock value** at cost

Farmer udhaar

- **Season account** - Rabi 2026-27, Kharif 2026
- **Carried in, billed, received** and balance
- **Recover by** date and overdue list
- **Recovery plan** and recovery %
- **Post-dated cheques**

Dosage & crop advice

- **Dose per acre** and per sprayer tank
- **Packs to sell** for the farmer's acres
- **Days before harvest** and warnings
- **Add ticked to a new bill**
- **Print advice slip**

Schemes & claims

- **Company targets** - buy 120 packs, get 12 free
- **Rebates** on invoice value
- **Claims** waiting and received
- **Progress bar** to each target
- **Company rebates** report

Season tools

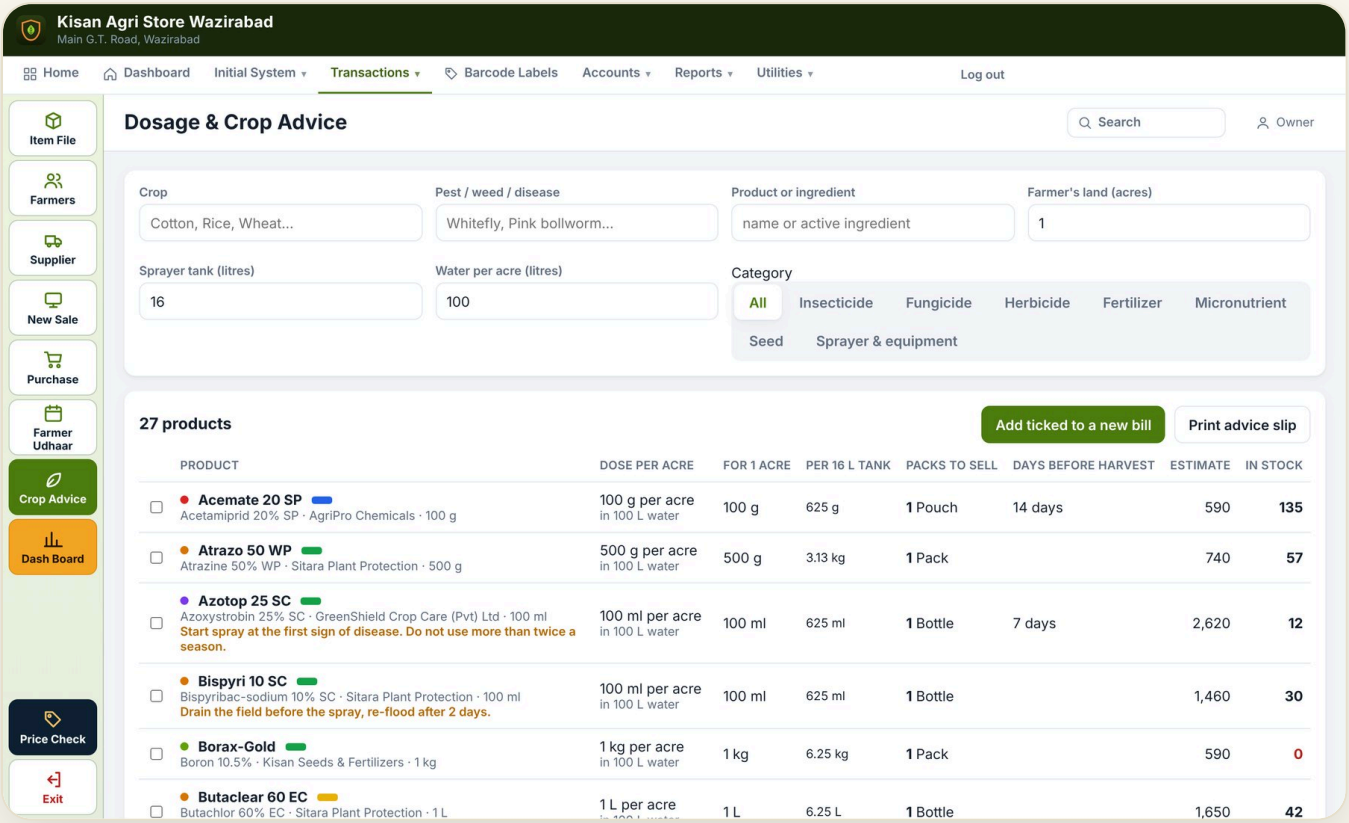

- **Season pre-bookings** with advance
- **Reorder list** from low stock
- **Spray diary** and reminders
- **WhatsApp to many** farmers
- **Owner's daily summary**

Licences & reports

- **Fertilizer and pesticide dealer licences** with expiry
- **Profit & loss** on batch cost
- **Sales by category** - fertilizer, seed, insecticide
- **Udhaar ageing**, day book, cash & bank
- **Bills in English or Urdu**

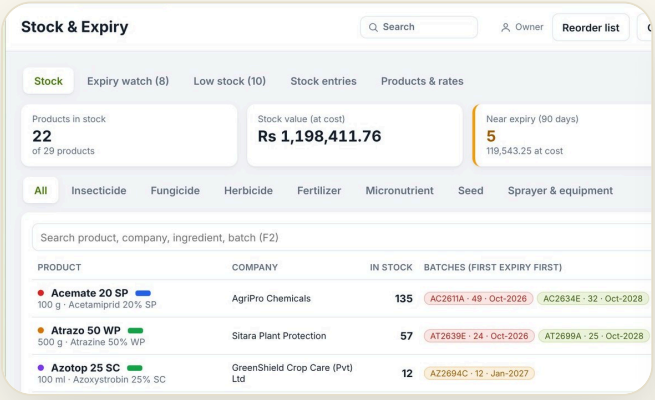

ON THE SHOP PC

Advice and billing on one counter

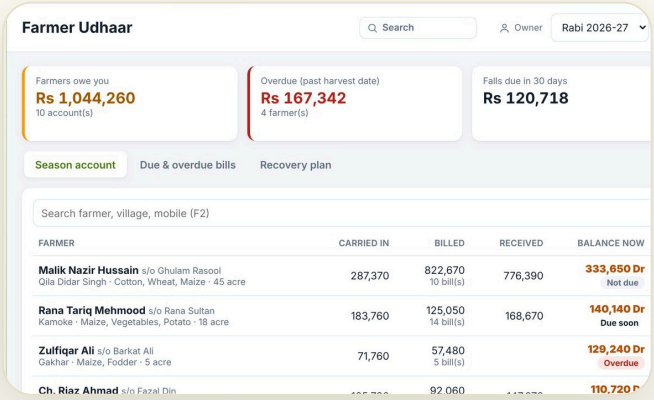

Dosage & crop advice

Enter the crop, the pest and the farmer's acres - AgroShop Pro shows the dose per acre, per 16-litre tank, the packs to sell and the days before harvest. Tick the products and add them to a new bill.

Stock & expiry

Every product with its batches and expiry dates, coloured by how close they are to expiry.

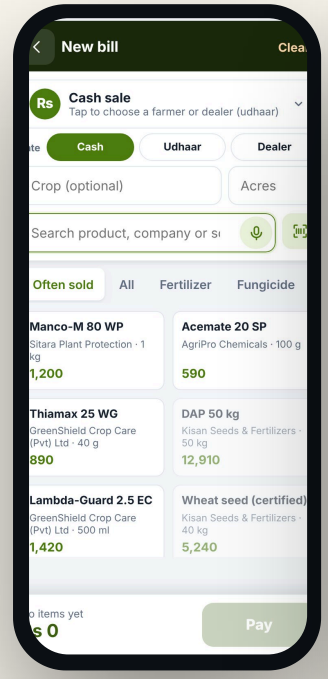

Farmer udhaar

Season account per farmer - carried in, billed, received, balance and the recover-by date.

ON THE PHONE

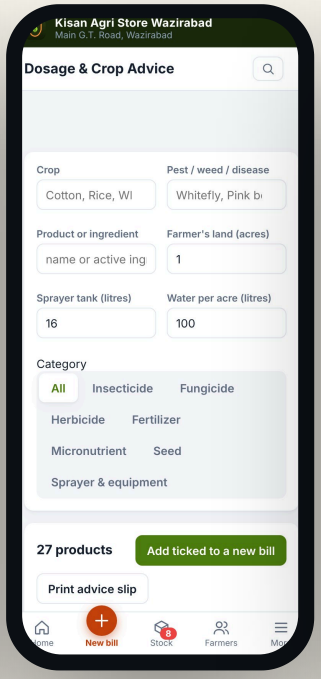

Your store, out in the field

The same AgroShop Pro on Android and iPhone - bill a farmer at the second counter, check a balance in the village, or look up a dose while you talk.

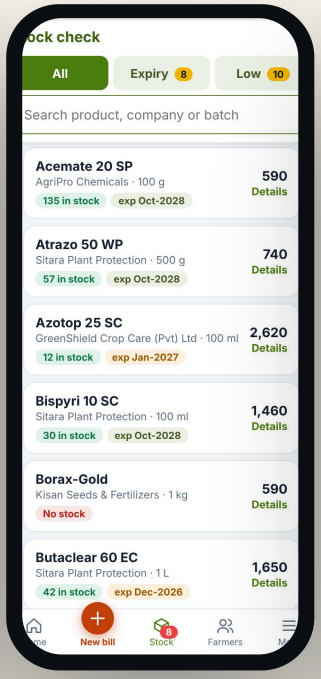

New bill

Cash, udhaar or dealer rate, crop and acres.

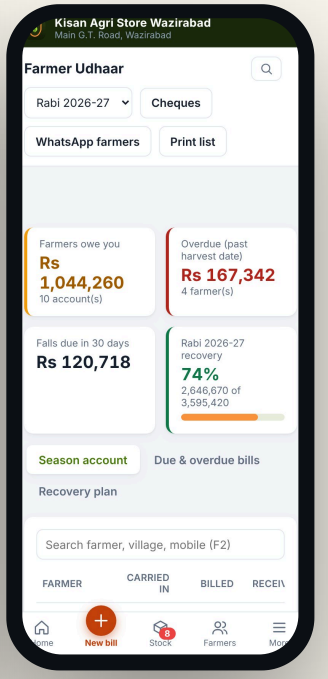

Crop advice

Dose for the farmer's land.

Stock check

Batches, expiry and low stock.

Farmer udhaar

Season balance and recovery %.

Printed & shared

Bill and advice slip on 80 mm or A4, in English or Urdu.

WhatsApp

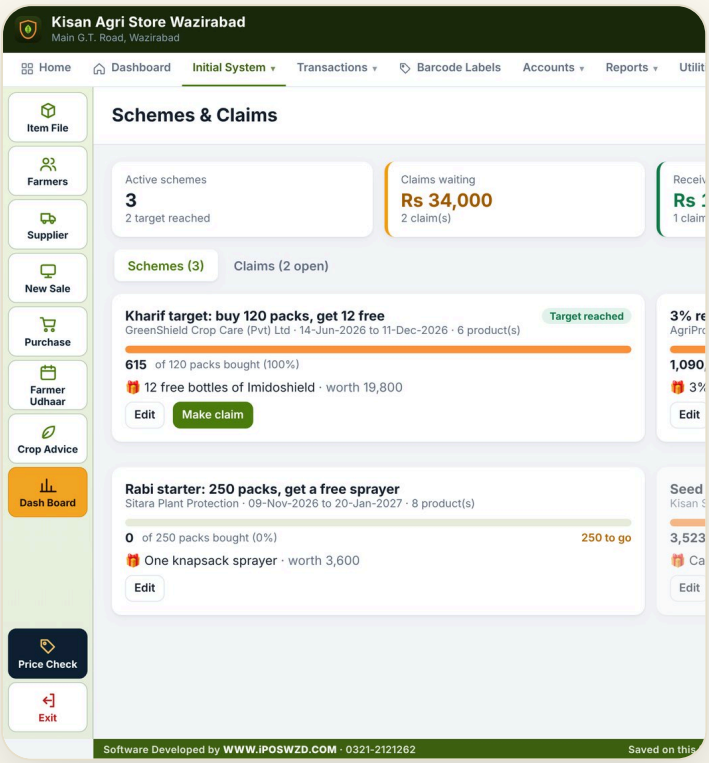

Balance reminders and season offers to your farmers.

Voice

Speak the product name to find it on the phone.

SEASON UDHAAR & COMPANY SCHEMES

Know who pays after the harvest

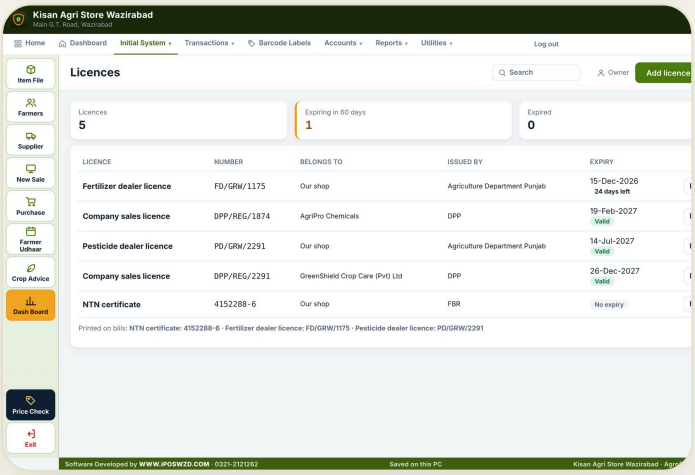

1 **Udhaar by crop season**
Each farmer's Rabi or Kharif account with carried-in balance, bills and receipts.

2 **Recovery you can see**
Recovery % for the season, the overdue list and the recover-by date.

3 **Company targets**
Buy 120 packs, get 12 free - the progress bar tells you how far you are.

4 **Claims & rebates**
Claims waiting and received, and rebates on invoice value, kept to the rupee.

Licences

Fertilizer and pesticide dealer licences, company sales licences and NTN - with expiry alerts and printed on your bills.

Safe in your hands

- **Owner and staff logins** with their own PIN
- **Lock** the app when you leave the counter
- **Activity log** of who did what
- **Backup** to the cloud, a USB or Google Drive
- **Shop online account** to share data with other PCs and phones

GETTING STARTED

Ready before the next season

01
Free demo
Open **agri.iposwzd.com** and tap "Try with demo data" - a full agri store with sample data, free for 3 days.

02
Setup
We put in your shop name, your products, batches and farmers' opening balances, then install it on your PC and phones.

03
Training
We train the owner and the counter staff at your shop, or online over a video call.

04
Support
WhatsApp and remote support, regular updates and help from inside the app.

Try it free
Scan with your phone camera. It opens in the browser - no download, no sign-up. Tap "Try with demo data" and start billing.
