**WHY ELECTRONICS SHOP POS**

Every serial, every rupee

An LED, a fridge or an AC is a big sale with a long tail: a warranty, sometimes an installment plan, often a repair and a claim to the supplier. Electronics Shop POS ties all of it to the serial number, so any sale can be traced in seconds.

AT THE COUNTER**Sell**

Sold by serial.

- IMEI / serial number on each sale
- Warranty saved with the sale
- Cash or installment plan
- Monthly installments tracked

AT THE SERVICE DESK**Service**

After the sale.

- Service and repair jobs booked
- Warranty checked by serial
- Supplier claims sent and followed
- Claim status in one list

FOR THE OWNER**Profit**

Item by item.

- Serial-wise purchase cost
- Item-wise profitability
- Installments due and received
- Open claims and repairs

WHO IT'S FOR

Electronics shops

Home appliance showrooms

LED & TV dealers

AC & fridge dealers

Computer & laptop shops

Installment sellers

FEATURES

What it does

IMEI / serial number tracking

Serial entered with every purchase

Sale picks the exact serial that left

Search any serial to see its full history

Installment plans

Advance and monthly amount set on the sale

Each installment received against the plan

Due and late installments listed

Supplier claims

Claim raised against the supplier by serial

Status sent, replaced or returned

Open claims listed by supplier

Warranty records

Warranty period saved against each sale

Check by serial or bill when a customer returns

Expiry date shown on the record

Service & repair jobs

Job card with the fault and serial

Status from received to ready

Charges added when the job is done

Item-wise profitability

Profit on each item from its cost

Item-wise report for the month

See which models earn the most
