MADE FOR TRADERS WHO IMPORT AND SELL IN BULK

Know your real cost, and every rupee **still to come**

Steel and hardware traders run on thin margins and big cheques. If clearance and freight are not added to cost, profit is guessed. If post-dated cheques live in a drawer and a diary, money gets lost. iRON POS puts both in order.

BUYING

Import

Every purchase from order to sellable stock.

- Local and imported purchases
- Owner approval before ordering
- Shipped, at port, clearance stages
- Customs and freight added to cost
- Landed cost per unit, automatically

SELLING

Sell

Fast billing for walk-in buyers and contractors.

- Retail and wholesale price in one tap
- Cash, credit or part payment
- Post-dated cheques with bank and photo
- Discount and tax on the bill
- Print or share the invoice

FOR THE OWNER

Control

The whole business on one screen.

- Customer cheques held and overdue
- What you owe each supplier
- Stock in every store and warehouse
- Margin, sales and expense reports
- Cash book with account codes

Products

Stock ledger and low-stock flags.

IMPORT TO SALE

From the port to the counter, at the right price

An imported purchase moves through clear stages. Stock only becomes sellable when you finalize it, so nothing is sold at a guessed cost.

Landed cost, worked out for you

HR coil 3mm × 40 ton	Rs 7,680,000
Customs clearance	Rs 1,480,000
Transportation	Rs 260,000
Total landed cost	Rs 9,420,000
Landed cost per ton	Rs 235,500

Expenses are spread over every unit. The app then suggests a retail and a wholesale price, and you can change both. Example figures from the demo data.

Cheques, from taken to returned

Held

Settled

Replaced

Overdue

- ✓ Cheques taken at the counter go straight into the register
- ✓ A held cheque past its date shows as **overdue** by itself
- ✓ Settle by deposit, cash or transfer, or replace with a new cheque
- ✓ Customer ledger shows every deal, cheque and part payment
- ✓ The same register for cheques you issue to suppliers

Stock goes on sale only at its true landed cost

Customs, freight and other expenses are added before the goods reach the counter, so the margin report shows real profit, not a guess.

STAFF & SECURITY

Each person sees only their work

The owner decides which modules each staff member can open. A cashier can sell without seeing costs, cheques or the cash book.

Sign in

Each user with their own password, or fingerprint / Face ID on the phone.

Owner's dashboard

Credit, payables and stock value.

Purchase approval

Approved by name and date.

- ✓ **Roles:** owner, store manager, cashier, accountant
- ✓ **Approvals** recorded with the approver's name
- ✓ **Saved on the device**, works without internet
- ✓ **Module access per user:** products, purchases, cheques, payables, reports, cash book
- ✓ **Stock ledger** shows every movement with its reference
- ✓ **Features set up** for your business at installation
