WHY MULTI-CHAIN STORE SYSTEM

Every branch, **one head office**

When a business grows to three, five or ten branches, phone calls and paper registers stop working. Multi-Chain Store System keeps items and prices set from the head office, shows each branch's stock and sales, and moves stock between branches with a proper record.

AT HEAD OFFICE

Control

Set it once for all.

- One item list for every branch
- Prices changed centrally
- Consolidated reports
- Rights set per branch

AT THE BRANCHES

Stock

Know what each has.

- Branch-wise stock
- Branch-wise sales
- Transfers between branches
- Receive against the transfer

ON THE LINE

Connected

Built for real internet.

- Real-time view of branches
- Works on slow internet
- Each user sees their branch
- Owner sees all branches

WHO IT'S FOR

Grocery chains

Bakery outlets

Pharmacy chains

Garment outlets

Franchise stores

Wholesale branches

Many branches, **one picture**

Built for owners who cannot be at every counter but need to know what every branch sold and holds today.

FEATURES

What it does

Central item and price control

Items are added once at head office

Price changes reach every branch together

No branch sells at its own old rate

Inter-branch transfers

Send stock from one branch to another

Receiving branch confirms what arrived

Stock moves in both branches' records

User rights per branch

Each user is tied to a branch

Rights decide what they can see and do

Head office users see every branch

Branch-wise stock and sales

Stock of each item in each branch

Sales of each branch by day

Compare branches side by side

Consolidated head-office reports

All branches added up in one report

Branch totals shown line by line

Daily and monthly views for the owner

Works on slow internet

Branches keep working on a weak connection

Head office sees branches in real time

Made for ordinary local internet
